
Vray Texture Pack V2 C4d Torrent 28

Posted in Resources, Category SenzaTagged cinema 4d, maxon lab, . Vray Texture Pack Carpaint is not only a great collection of the most amazing shaders. The collection has over 300 textures and over 70 shaders, as well as two sets of brushes. Two special textures have been added to textures and shaders - these are textures for walls and textures with a rain effect. There are two palettes to choose from - white and black. In my opinion, this is the best collection of shaders and textures. I highly recommend this collection, you won't regret it! In addition to textures and shaders, the collection includes a library of color models. There are standard, standard RGB, and also HDR models.
